Hi all,

Thank you for your time yesterday. It was good to meet you all. Please find below the details we discussed and further information

Knowledgebank - I checked and you are all already set up on the Knowledgebank so have sent you all a password reset. Katharine was not an administrator so I have changed her user profile accordingly. I have emailed Kalina and copied you all in to arrange an online demo of the Knowledgebank for you all.

Redacting - I have asked James to send you pricing details for redacting services.

Best Practice Areas - I talked about the Best Practice areas on the Knowledgebank which have advice, support, policies and documentation, they can be found here (you will need to login to the Knowledgebank to use the link): <https://dataprotection.education/best-practice-library/best-practice>

Policies - Your data protection policy was last approved in May 2021 so is due for review in May 2023. Template policies and privacy notices can be found here: <https://dataprotection.education/best-practice-library/best-practice/commitment-to-compliance>

You do have a Freedom of Information Policy - however, just to advise that this was due for review in October 2022.

Data Protection Education is listed as your DPO in the privacy notices which is correct, but Oona's name is still on the document so could just be removed, given that our details are there.

Third-Party Supplier Due Diligence - we discussed third-party supplier due diligence in relation to those suppliers that you might share pupil or staff information with. We do provide a template table at the end of our template privacy notice. Examples of suppliers are: Pupil MIS, Assessments, Cool Milk, next school, Local authority, Early Years Foundation (Tapestry), Seesaw, TT Rockstars, CPOMs, ParentPay, Parent comms. If you are able to put a list together, please send it through and I will add it to the Knowledgebank and the list of suppliers that we are keeping.

FOI - you asked whether there is a legal obligation to respond to an FOI. According to the ICO:

Your main obligation under the Act is to respond to requests promptly, with a time limit acting as the longest time you can take. Under the Act, most public authorities may take up to 20 working days to respond, counting the first working day after the request is received as the first day. For schools, the standard time limit is 20 school days, or 60 working days if this is shorter.

<https://ico.org.uk/for-organisations/guide-to-freedom-of-information/receiving-a-request/#:~:text=Your%20main%20obligation%20under%20the,received%20as%20the%20first%20day.>

The information about the recent FOI requests received by some of our schools with support and guidance on how to answer can be found here: <https://dataprotection.education/news-top/news>

Printing using PIN codes - we would always advise using PIN codes for printing especially when printers are shared. This can reduce the risk of data breaches as well as saving on costs.

iPads - check the possibility of adding PIN codes to the iPads and whether they are included in Mobile Device Management (MDM) so they can remotely be put into lost mode and location tracked.

Governor - advised that it can be helpful to have a governor aligned to data protection as the National Cyber Security Centre do advise that governors are asked these questions: <https://www.ncsc.gov.uk/information/school-governor-questions>

CCTV - you advised that you have CCTV, but unsure if there is a policy - I could not see one on your website. A CCTV template policy can be found here: <https://dataprotection.education/index.php/best-practice-library/best-practice-library>

[practice/cctv](#). If you are unsure about what is required select the Checklist tab on this page and go through the questions which are RAG rated.

Website - we discussed use of images and photo consent. The photo consent for year 6 is slightly different to the rest of the school, so would advise comparing. It also does not state that photos may be on the website etc for up to one year after the child leaves (or the child's cohort). Some photos on the website were very old so should be removed.

Please find attached the infographic we looked at during the meeting for general school advice for data protection and the slide showing the different types of information requests and how long you have to respond for each.

I can see a ticket where you have received a SAR request today. This should be added to the Data Rights Log: <https://dataprotection.education/sar-log>, this would require Westdene to add it as there are questions around checking the requesters identity that you would need to verify.

Subject Access Request Guidance can be found here:

<https://dataprotection.education/best-practice-library/best-practice/subject-access-requests>

Our contact details are here:

- Data Protection Education Ltd
- Registered office: 1 Saltmore Farm, New Inn Rd, Hinxworth, Baldock, SG7 5EZ
- Telephone: 0800 0862018
- Email: dpo@dataprotection.education

My contact details are in my signature.

If I have forgotten anything, then please let me know - we covered a lot of information.

I would advise we book in an online meeting as a follow up. Please use this link to check my availability and book in a date and time convenient for you:

<https://go.oncehub.com/DPETammyBuchanan>

I look forward to seeing you then.

Have a lovely weekend.

Many thanks,

Tammy Buchanan
Data Protection Consultant
