Hi Kelly,

Thanks for your time yesterday and for showing me around the school. Please find attached the details we discussed and some recommendations. Everything is also uploaded to the Knowledgebank which can be found under My Activities -> Making the Rounds. The version online contains all of the notes I wrote as I walked around for each area. As we found the same risks in several areas of the school I have grouped them in the report, but each one should be looked at with any risk that the school is aware of, such as outside people out of school hours. All positive observations are also in the online version on the Knowledgebank. The status of the Making the Rounds on the Knowledgebank is now set to Action Required, where you can update it with any actions the school has completed or any decisions they have made around the risk.

I am very aware that you are coming to the end of your SLA with us, which ends at the end of March. However, should you wish to book an online meeting to discuss this report, then please use the link below to check my availability to book in a date and a time that is convenient for you before then.

If you have any questions then please do get in touch.

Many thanks,

Tammy Buchanan
