Hi Neha,

Thanks for your time today, it was really lovely to meet you. Please find below the details we discussed and any information:

Knowledgebank you are due to have a Knowledgebank demo with Kalina. We would advise checking that all current staff are on the Knowledgebank and any staff that have left are removed. You are going to check whether data protection training for staff is done through the Knowledgebank or through the National College, given it looks as though staff have not done any data protection training for a while. The ICO recommends that all staff undertake data protection training at least every two years, although it is prudent for staff that have access to special category data to do it more regularly (annually). We would recommend that data protection training is part of the onboarding process. Should you require it, information about how to assign courses to staff can be found here:

<https://dataprotection.education/news-top/news/165-using-the-knowledge-bank/291-assigning-users-to-courses>

Governors Questions: the National Cyber Security Centre recommends the following questions for governors: <https://www.ncsc.gov.uk/information/school-governor-questions>

Policies - we looked at the policies on the school website. There are currently three data protection policies, with the most recent one being a Word document. Here is the link to our template data protection policy: <https://dataprotection.education/best-practice-library/documents/procedures/8-data-protection-policy>

Best practice is to have a policy as a pdf rather than a Word document and have the latest policy only. Using the latest templates does mean the policy covers any changes in wording, terminology or law.

The contact information for DPE is:

As required under the Data Protection Act 2018, our DPO is:

- Data Protection Education Ltd
- Registered office: 1 Saltmore Farm, New Inn Rd, Hinxworth, Baldock, SG7 5EZ
- Telephone: 0800 0862018
- Email: dpo@dataprotection.education

The template privacy notices can be found here:

<https://dataprotection.education/component/seoglossary/1-data-protection-education-definitions/privacy>

Advise that the contact details in the privacy notice are incorrect.

Next time we can review the above and move to talk about third-party supplier due diligence and data breaches.

You may find it useful to put up posters around the school as this is another method of training staff. Posters can be found here:

<https://dataprotection.education/best-practice-library/documents>

I have attached the email from the previous meeting with Caroline and SoftEgg for your information.

Please feel free to contact me at any time, or email dpo@dataprotection.education. I will shortly send through the online meeting invite for May, I look forward to seeing you then.

Many thanks,

Tammy Buchanan
