Hi Marita,

Thank you for your time today. It was lovely to meet you. Please find below the details we discussed and further information:

Knowledgebank - we discussed staff training and new staff also doing the training courses. Please find below the link with instructions on how to assign courses to staff using some new functionality in the Knowledgebank:

<https://dataprotection.education/news-top/news/165-using-the-knowledge-bank/291-assigning-users-to-courses>

The ICO states that staff should undertake training at least every two years but we would recommend that staff that have access to additional/special category data try to take the GDPR refresh annually. It might also be useful for these members of staff to do some of the other courses, such as data breaches.

Privacy Notices - please find the link to the template privacy notices as discussed:

<https://dataprotection.education/component/seoglossary/1-data-protection-education-definitions/privacy>

Supplier Due Diligence - we discussed the third-party supplier list in your current privacy notice which you will review and then send through to me. I will then check this against a list that DPE is compiling and add onto the Knowledgebank for you.

Subject Access Request Procedure - we discussed how it can be helpful to have a separate document for the Subject Access Procedure, here is a link to our template:

<https://dataprotection.education/best-practice-library/documents/procedures/15-subject-access-request-procedure>
