Hi Mark,

I picked up your voicemail and tried to give you a call back but you were on the phone so was not able to get through. The best thing to do is to log the data breach in the Data Breach log on the DPE Knowledgebank - there you will be able to ask any questions and it will be picked up by our legal director. It is always helpful to explain the exact circumstance, the breach, what the data was, who had access to the data and anything the school has done since to mitigate the risk. The data breach log can be found by logging in and it is the third widget along that says Data Breach Log:

I am going into another meeting at 2pm but am available before then if you need to call me back. I hope that helps.

Many thanks,
