To: Rachel Moss <rachel.moss@collegehall.org.uk>

Bcc: Tammy Buchanan <tammy.buchanan@dataprotection.education>

Hi Rachel,

Thank you for your time today. It was good to see you again. Please find below the details of the meeting and the information that I said I would send you:

ICO Registration - I discussed this with James and he suggested that you try and ring them? If that doesn't work, then your only option is to try and register again. He will also be in the area on the day in March that I am coming to see you so I wondered if it was possible for us to meet with the head/leadership team on that day while he is around?

Training - you advised that you are currently not needing to add staff onto the Knowledgebank as all staff receive their data protection training through another provider. I did mention that there is other training on the Knowledgebank which might enhance the training for yourself and anyone else dealing with sensitive data on a daily basis.

Knowledgebank - you had your demo of the Knowledgebank with Kalina. I would advise, if possible, that you consider adding other administrators onto the Knowledgebank so that other members of staff are able to report such things as a data breach/subject access request. The best place to start is by looking at the Commitment to Compliance Practice Area:

<https://dataprotection.education/best-practice-library/best-practice/commitment-to-compliance>

Also in this area you will see information about registering DPE as your DPO (when you get your registration sorted out):

<https://dataprotection.education/best-practice-update/110-make-sure-dpe-is-your-registered-dpo-with-the-ico>

This also has our contact details which should be in either your data protection policy, privacy notice and/or on your website.

Posters: <https://dataprotection.education/best-practice-library/documents/drip-feeds>

Third-Party Suppliers - we discussed a list of third-party suppliers. It is a requirement of the data controller to ensure each third party has appropriate controls in place to ensure the privacy and security of personal data. The best way to start doing that is by making a list of suppliers that you share pupil, staff, parent and visitor data with. Further help and advice can be found here:

<https://dataprotection.education/index.php/best-practice-library/best-practice/due-diligence-best-practice-area>

In the above best practice area if you go to Examples & Advice there are a couple of articles that can help with this.

I have sent you the meeting request for the 23rd March for my onsite visit, so I look forward to seeing you then. In the meantime if you have any queries, then please do not hesitate to contact me.

Many thanks,

Tammy Buchanan
