Hi Patrick,

Thanks for your time today. It was good to see you again. Please find below the information we discussed and links:

Commitment to compliance - we didn't discuss this, but it is important that you register Data Protection Education as your DPO as it is a requirement under the UK GDPR. Instructions on how to do this are here: <https://dataprotection.education/best-practice-update/110-make-sure-dpe-is-your-registered-dpo-with-the-ico>

Knowledgebank - you have a new admin person about to start so will email me their details. I will then arrange for a demo of the Knowledgebank with my colleague Kalina. We will then be able to get all staff onto the system and assign training to them. Just a reminder that data protection training should be undertaken by all staff at least every two years and by those that have access to sensitive or additional data annually. It should also be a part of the onboarding process.

Policies -

Although the documents below are not all statutory to have on your website, for transparency and ease of managing these documents, it is good practice to have a data protection section on your website and consider including the following documents:

Template Privacy Notices can be found here: [Privacy Notices](#)

Website documents:

- [GDPR/data protection policy](#)
- [Privacy notice\(s\)](#)
- [SAR](#) and [data breach procedure](#)
- [FOI and publication scheme](#)
- [Supplier/third party list](#)

Other useful documents to review and check that you have are:

- Work away from school policy
- Information Security/Passwords
- Review of consent documentation. Consent guidance and consent withdrawal can also be added to the GDPR section of the school website

Awareness - this can be raised for staff through the use of posters around the school: <https://dataprotection.education/best-practice-library/documents/drip-feeds>

Photos - information about best practice for photos can be found here: <https://dataprotection.education/index.php/best-practice-library/best-practice/photos-and-video>

If you have any questions then please do not hesitate to contact me or email dpo@dataprotection.education. Otherwise I look forward to seeing you in March for the data walk around the school.

Many thanks,

Tammy Buchanan
Data Protection Consultant

BSc(Hons) Computer Science
ITIL 4 Service Management, NCFE Principles of Cyber Security
