Bcc: Tammy Buchanan <tammy.buchanan@dataprotection.education>

Hello everyone,

Thanks for your time today, please see below details of what was discussed:

### Attendees:

Tammy Buchanan  
Catherine Friend  
Paul Panter  
Hannah Langsman  
Kirstie Webb

**Knowledgebank** - we discussed use of the Knowledgebank and identified that some may need training in using it as they are new to the role. Catherine has offered to show others how to add data breaches from the BILTT SharePoint, however, I can arrange a full Knowledgebank demo for any GDPR lead by Kalina in our customer support team, so please do not hesitate to email me with any details if required. Just send through contact name and email address and I will organise it.

The schools do seem to be reporting things differently on the Knowledgebank which can be seen with the following figures:

| Knowledgebank (2022/2023) | Grange Academy | Greys    | St John's |
|---------------------------|----------------|----------|-----------|
| Tickets                   | 0              | 3 (SARs) | 2         |
| SARs                      | 0              | 0        | 0         |
| Data Breaches             | 0              | 0        | 5         |
| FOI's                     | 0              | 0        | 0         |

The SARs received by Greys were added as tickets rather than to the Data Rights log, so would advise reminding staff what the data breach and subject access request reporting procedure is for BILTT. We would recommend that they are added to the Data Rights log as well.

**Training** - Some staff have completed the Introduction to Data Protection course on the DPE Knowledgebank, but there was some confusion about where data protection training was being taken from as there was some thought that it may be on the National College platform. BILTT to advise which training will be used and if it will be the same across the Trust. The ICO advises that all staff undertake data protection training at least every two years but for those staff with access to confidential/sensitive data that they do it annually. A reminder that data protection training should be part of the onboarding process.

**Policies** - both data protection policies on the website give a 404 error so are not viewable. There is a requirement for you to have a data protection policy. Our template data protection policy is here: <https://dataprotection.education/best-practice-library/documents/procedures/8-data-protection-policy>

The privacy notice on the website is due for review, please find our template privacy notices here: <https://dataprotection.education/component/seoglossary/1-data-protection-education-definitions/privacy>  
BILTT to check whether there is a workforce privacy notice.

**Third-Party Supplier Due Diligence** - there is not a list in the privacy notice (i.e. who the trust shares pupil/parent data with). This may be with HR? BILTT to locate third-party supplier lists and send through and indicate details of any due diligence.

**Data Retention** - following on from the last meeting some work has been done by St John's and using the Bedford Council service. Other schools are not yet using this. Advised there should be a retention schedule - BILTT to locate any retention schedule or policy.

**Data Walks**- Catherine has completed a data walk and uploaded the information to Knowledgebank. I have updated it with advisories, but there is not a defined BILTT procedure for feedback to where the 'breach' or issue was. I will feedback further after my walk abouts on the 9th March and will incorporate Catherine's too so that feedback is included (which does include taking training courses etc) and is reported back.

**Checklists** - we talked about the GDPR leads filling out the checklists and that this data would help towards creating a report for the trust board at the end of the year. Hopefully the GDPR leads will have completed some of these before our next meeting.

We agreed to have the next meeting on May 12th at 2pm and will shortly send out an invite for a Teams meeting. In the meantime, if you have any queries, please do not hesitate to contact me.

Have a lovely weekend.

Many thanks,

**Tammy Buchanan**  
**Data Protection Consultant**
