Hi Steve,

Thank you. It was more about whether you would need the checklist information in the report. I've gone through and updated the previous report and put in February 2023 updates. I have put in a graph comparison which shows progress on the ICO accountability tracker. We can add in the checklist information at the end of the year.

I have uploaded both the report and the ICO accountability tracker to the SharePoint folder into a new folder called 'Reports'. Please let me know if you need anything else. We have a meeting booked for March 21st so I look forward to seeing you then.

Many thanks,
Tammy

Morning Tammy,

Apologies Tammy – you should have received an email link to the new SharePoint Site a few moments ago – it was sent to both you and James.

With regards the info to supply as agreed at our last meeting:

- In the files there are all the Cyber Security SEF's to date and we shall add more as completed for your reference.
- I have sent the policy review document by Lucas (via email).
- ICO contact details, Maurice is liaising with the ICO on updating this to DPE, plus either him or me as the site contact
- Knowledge bank checklists we are seeking to commence completion asap – apologies for the delay in this
- All current/to date FOI's and SAR's are up to date in the Knowledge Bank
- Victoria and James have sent me a proposal for the data sharing agreement framework, which I am reviewing, as our Lawyers (Browne Jacobson) have advised they have one, which they can adjust/update for a fraction of the outlines cost from James. I am evaluating this at present, before making a decision
- ICT Policies (featuring multiple facets) is being finalised now after updates and I shall send to Victoria upon completion for review

I believe the above is all, but please do let me know if I am missing something.

With regards your updated (DPE's) report for the Governing Board, ideally we would require this by 4pm tomorrow, as that is when we issue the document bundle for next Monday's meeting, hence may I suggest whatever you are able to include as the update by that deadline would be great, then anything else can roll to the next report/update – is that OK?

Thank you.

Best regards

Steve

Hi Steve,

Just following this up as I still haven't heard anything nor been sent any links. I can just send you the report update as it is without any extra information?

Many thanks,

Tammy

Hi Steve,

Thanks for sending this through - I haven't received anything else though?

I have put some time aside this week to go through the half year report we discussed. So far I have been updating the spreadsheet that Arrienne had used to create the graphs with the information I know about the Vale Federation but it would either be helpful to share that with you so you can see what I have updated or have the checklists to go through and apply that information? Alternatively, we can leave that for the end of year report if you would prefer?

So far I have been going through the previous report and adding an update to each section on what has happened since that date - or I can put it into a brand new report if you would prefer? I have added in a section on Third-party supplier due diligence as well.

Many thanks,

Tammy

Morning Tammy,

Sorry for the delay in sending....please find below/attached the email and recommendations for our policies, all of which have been adopted included.

Shortly you will receive an email from my PA, Sonia Abdullah, with the invite for you James and Victoria to the new Share Point site called DPE. Please can you, and James and Victoria, accept the invite and click on "follow in Inbox" to link it for you.

In the Share Point you will find the Cyber Security Audit and Assessment info thus far – mainly the SEF's completed for Secure Schools whom are completing the assessment/audit. We will add other docs into here on this as and when they are completed.

Maurice will be commencing the checklists shortly, although please be patient with us as we have an absolute hectic schedule at present fast approaching the end of the financial year, budget compilations and also a number of detailed strategic discussions and meeting, but we will get them done.

I am also going to arrange for you to have a user log-in to our Smartlog system, where we shall allocate to you the GDPR Awareness training module (about 20 to 30 mins long), which is the module ALL staff in every role has to complete annually. This is date and time stamped on completion and adds to their annual training development. Anyone who says they do not or have not completed it quite frankly are not telling the truth, as if they do not it is a disciplinary matter and follow up until completed, along with 3 other mandatory courses annually. Please look out for the email from Safesmart/Smartlog in the next few days.

Any other queries, please let me know.

Speak soon.

Steve

Hi Steve,

I've finished looking at the Policies now and attached is the document. I've split the policies up and outlined any recommendations we have. With any recommendation we have made, I've also added an example of what we've said in our model policies. Please feel free to use them in your own policies and make any necessary changes to the information where needed to fit.

Please let me know if you have any questions or need me to go over anything.

Many thanks,

Lucas

I feel your pain, Steve!

No problem, let's do Monday - I'll send an invite over for 2pm.

Kind regards,

James

Hi James,

Sincere apologies – we had an emergency at Booker Park I had to attend too!

I have accepted the 4pm request – hope that's still OK??

Sorry again.

Hi Steve - just checking that you saw my proposed change in time?

Would you prefer to do later on this afternoon instead? Shall we move back to 4pm?

Actually Steve, I've just had something cancelled for 12:00 tomorrow - I'll send a 30 minute invite for then, if that's OK?

Absolutely no idea why that rogue invite was being sent! But I'll just delete the 4pm meeting if that's what was causing it. Very odd.

Lucas I have your email and will reply asap.

James – just declined 3 meeting invites as unfortunately they all appeared for later today when I am already booked – I thought we agreed a 30 minute catch up tomorrow (Thursday) between 12:00 and 14:00 or after 15:30, alternatively Friday afternoon after 13:30??

Sorry if that wasn't clear from ?!

Steve,

Can I introduce you to Lucas, part of our DPO team who is completing the documentation review?

Lucas, can you please send Steve list of documents so Steve can enable access to them for you.

Many thanks,

James

Thanks James.

As soon as I receive the invite I will add to my schedule.

With regards the policies – could you advise those “in bold” as on the Policy lists sent (stat and Non-Stat) all are in bold and highlighted in various elements, hence if you could advise the list of actual policies you wish to view, I will set up a Share Point folder, giving you and any other access to it to view all contents.

Thanks
