Bcc: Tammy Buchanan <tammy.buchanan@dataprotection.education>

Hi Jane,

Thank you for your time today. It was good to meet you. Please find below details we discussed and further information. I will list things in order of priority to help:

Knowledgebank & Training - advise adding all staff to the Knowledgebank. Kalina will show you how to assign courses to staff. This can be done so that staff members have X amount of months to complete any training assigned to them. The ICO requires all staff to be trained by their DPO every two years although we would recommend that any staff that have access to additional/special category data that they do additional courses and are trained annually. If training has already been completed then the GDPR refresh course is a quick 20 minute reminder. Staff can be bulk uploaded with the option of including their job role. I would advise emailing those staff beforehand to let them know that they will receive login credentials as it can go into junk/spam often.

I advised checking if you have RPA insurance and if you have taken cyber insurance. If you have, there is a requirement for staff and governors to complete the NCSC cyber training:

- **School resources:** <https://www.ncsc.gov.uk/section/education-skills/schools>
- **Governor Qs for schools:** <https://www.ncsc.gov.uk/information/school-governor-questions>

The courses are also in the courses area on our Knowledgebank.

Policies - Although the documents below are not all statutory to have on your website, for transparency and ease of managing these documents, it is good practice to have a data protection section on your website and consider including the following documents:

Template Privacy Notices can be found here: [Privacy Notices](#)

Website documents:

- GDPR/data protection policy
- Privacy notice(s)
- SAR and data breach procedure
- FOI and publication scheme
- Supplier/third party list

Other useful documents to review and check that you have are:

- Work away from school policy
- Information Security/Passwords
- Review of consent documentation. Consent guidance and consent withdrawal can also be added to the GDPR section of the school website

All of the above information can be found in the Commitment to Compliance Best Practice area:

<https://dataprotection.education/index.php/best-practice-library/best-practice/commitment-to-compliance>

The information about our contact details for the data protection policy/privacy notice is here:

As required under the Data Protection Act 2018, our DPO is:

- Data Protection Education Ltd
- Registered office: 1 Saltmore Farm, New Inn Rd, Hinxworth, Baldock, SG7 5EZ
- Telephone: 0800 0862018
- Email: dpo@dataprotection.education

Data Retention Advise checking if there is a retention schedule. This area on the KB is helpful:
<https://dataprotection.education/best-practice-library/best-practice/records-management>

Also consider photos - once pupils have left the college then their photos should be removed from the website within a year. It may also be worth considering the photo consent form. There is a photos Best Practice area for more advice;
<https://dataprotection.education/index.php/best-practice-library/best-practice/photos-and-video>

Third-party Supplier due diligence - the ICO require an organisation to list which third-parties they share data with and also a record of processing:
<https://ico.org.uk/for-organisations/guide-to-data-protection/guide-to-the-general-data-protection-regulation-gdpr/accountability-and-governance/documentation/>

We would advise that in starting this process, Garth College makes a list of all third parties that staff, pupil, parent and visitor information is shared with. This could be documented in each privacy notice. Our template does provide a template table for this. Once you have this list, please let me know and I can add it onto the Knowledgebank and check the list of generic third party suppliers.

Further supplier due diligence information is here:
<https://dataprotection.education/index.php/best-practice-library/best-practice/due-diligence-best-practice-area>

We agreed to meet again on April 21st at 1pm as a data walk around, which I am happy to change to an online meeting nearer the time if that is more suitable - I will shortly send through this request. In the meantime, if you have any further queries, please do not hesitate to contact me or email dpo@dataprotection.education.

Many thanks,

Tammy Buchanan
Data Protection Consultant

BSc(Hons) Computer Science
ITIL 4 Service Management, NCFE Principles of Cyber Security
