To: Liz Moore <lizmoore@brunswick.brighton-hove.sch.uk>

Bcc: Tammy Buchanan <tammy.buchanan@dataprotection.education>

Hi Liz,

Thanks for your time today. It was really good to meet you.

Brunswick Primary School have implemented some good data protection procedures:

- Policies all up to date, including data protection, CCTV, FOI, SAR, Data Breach using the current DPE templates
- Lock screen for computers within 2 minutes
- Drip Feed Posters
- Red and Green network drives (access control)
- Paperless
- No USB sticks
- Locks on doors
- Pupil files scanned in
- Supply teachers have their own logins with access to planning/curriculum only
- Staff have received training via the National College

I advised that data protection training should be part of the onboarding process as staff are now onboarding throughout the year and not just in September.

Details about how to assign courses are here: <https://dataprotection.education/site-updates/291-assigning-users-to-courses>

I have attached the template csv files for adding staff onto the Knowledge Bank. You can then complete it and send it through to me or import yourself by clicking on the Import Staff button when you go into users. Just a reminder to let staff know that you are going to set them up so they expect the login credentials email as sometimes it goes into junk/spam.

Details about how to use the Compliance Manager are here: <https://dataprotection.education/site-updates/104-compliance-manager-released>

However, if you would like a specific demo of it, please let me know and I can organise that for you. Or if you go to Dashboard and look at the Compliance Manager widget, if you click on the video icon it will show you a short video on how to use it.

FOI's - we are adding any FOI's to the news section on our website, but now if you go into the Freedom of Information Best Practice Area and Choose the Examples & Advice tab, it will also show you any relevant news articles.

I mentioned as well that the Information Security Best Practice Area has been updated and would advise going through the checklists in there with your IT Manager if possible.

It would be good to start talking about third-party supplier due diligence the next time that we speak as we have also been doing some work in that area.

I will shortly send a meeting invite through for our next meeting in June. I look forward to seeing you then, but if you have any further queries, please do not hesitate to contact me or email dpo@dataprotection.education.

Many thanks,

Tammy Buchanan
Data Protection Consultant
