To: Natalie Burley <Natalieburley@saltdean.brighton-hove.sch.uk>, Mark Woodley <markwoodley@saltdean.brighton-hove.sch.uk>

Bcc: Tammy Buchanan <tammy.buchanan@dataprotection.education>

Hi Natalie and Mark,

Thank you for your time today. It was good to see you again. Please find below the details we discussed:

Previous Meeting Actions Completed:

Staff have been added onto the KB and have been assigned the Data Protection Course

Third Party Supplier list - we talked about this and have put further information below:

Supplier Due Diligence Best Practice Area: <https://dataprotection.education/best-practice-library/best-practice/due-diligence-best-practice-area>

How to copy the generic third party in the KB: <https://dataprotection.education/best-practice-update/296-due-diligence-step-by-step>

Example of another school's website: <https://www.trowseprimaryschool.co.uk/key-information/gdpr>

Attached an example table of another way of displaying third parties.

Courses - once the Introduction data protection course is complete, we would then advise: How to avoid a data breach: Information and Cyber Security.

If there are staff such as SLT and admin that have access to extra/special category data then some of the learning nuggets such as the Data Breach one is always good and they should be done more regularly.

I know that the schools in Brighton don't have Cyber security insurance, but those with such insurance have to do the NCSC free courses, so would always recommend those as well.

Making the Rounds: we discussed the results of the MTR last term. Advise that pupil special category information is not kept on noticeboards, especially when the external visitors have access to the classes unsupervised. Saltdean to assess the risk related to this. Saltdean to update the KB with any completed actions.

Checklists - advise filling out some of the checklists on the KB which will give an overview of where Saltdean is with data protection, such as:

Password

Photos and video

Commitment to compliance

Clear desk

Governors and data

Supplier due diligence (once you've completed the above list)

Data Retention & Destruction

Cyber Security

I think it is also worth doing:

Data Breaches

Subject Access Requests as they will tie in with any training done.

I will shortly send the next meeting invite through for the 7th June at 9:30am and look forward to seeing you then. In the meantime if you have any queries, please do not hesitate to contact me or email dpo@dataprotection.education if it is an urgent issue.

Have a lovely Easter.

Many thanks,

Tammy Buchanan
Data Protection Consultant

BSc(Hons) Computer Science

ITIL 4 Service Management, NCFE Principles of Cyber Security
