Bcc: Tammy Buchanan <tammy.buchanan@dataprotection.education>

Hi Patrick and Rebekah,

Thank you for your time today, and for showing me around your school. It was really good to meet you both. Please find attached the Making the Rounds report as discussed. Everything is also loaded on the Knowledge Bank and each observation can be found under My Activities -> Making the Rounds. Please note the attached report contains advisories, any positive observations are just marked as such on the Knowledge Bank and not in the report. I have kept it generic as discussed with links for help and guidance. If you implement any actions these can be added in the field marked 'DPO Feedback and Actions Taken' under Making the Rounds on the Knowledge Bank. I have completed the DPO Feedback part.

To add other staff onto the Knowledge Bank I have attached the CSV template, which expects first name, last name, email address and then an optional job title. All staff and governors can be included in this, there is no limit to the number of staff added. Please feel free to try and add this yourself or send it back to me completed and I can do it for you. I would advise that school email addresses are used for this, given staff will be assigned training relating to work.

Instructions on how to assign courses to staff are here: <https://dataprotection.education/site-updates/291-assigning-users-to-courses> but this is also something that Kalina will cover when she does her demo.

For booking the next meeting, please use the link below to check my availability which will allow you to book a date and time that is suitable for you:

Have a lovely Easter!

Many thanks,

Tammy Buchanan
