To: Donna Kelly <DonnaKelly@fairlight.brighton-hove.sch.uk>, Damien Jordan <DamienJordan@fairlight.brighton-hove.sch.uk>

Bcc: Tammy Buchanan <tammy.buchanan@dataprotection.education>

Hi both,

Thank you for your time today. It was good to meet you. Please find below the information we discussed:

Knowledge Bank - I have sent an email to Kalina to arrange for an online demo for Donna. This will show how to add/remove staff from the Knowledge Bank and also assign training. There is also some new functionality that may be useful to hear about.

There is a user guide on how to add staff here: <https://dataprotection.education/best-practice-library/documents/user-guides/149-how-to-add-users-to-the-knowledge-bank-user-guide>

Information about how to assign courses to staff is here: <https://dataprotection.education/site-updates/291-assigning-users-to-courses>

Consider adding data protection training to staff onboarding. In this instance, the Introduction to Data Protection is a good first course to do, and then for staff to do the GDPR Refresh the following years.

Consider staff that have access to sensitive/extra data, assigning additional courses, there are some short course nuggets that are 5/10 minutes.

Putting up posters is awareness training. Posters can be found here: <https://dataprotection.education/best-practice-library/documents/drip-feeds>

Policies :

The DfE requires you to have a Data Protection Policy on the website. The template for that is here: <https://dataprotection.education/best-practice-library/documents/procedures/8-data-protection-policy>

Privacy notices are here: <https://dataprotection.education/best-practice-library/best-practice/transparency>

Although the documents below are not all statutory to have on your website, for transparency and ease of managing these documents, it is good practice to have a data protection section on your website and consider including the following documents:

Website documents:

- GDPR/data protection policy
- Privacy notice(s)
- SAR and data breach procedure
- FOI and publication scheme
- Supplier/third party list

Other useful documents to review and check that you have are:

- Work away from school policy
- Information Security/Passwords
- Review of consent documentation. Consent guidance and consent withdrawal can also be added to the GDPR section of the school website

For more templates, please go to the Commitment to compliance best practice area: <https://dataprotection.education/index.php/best-practice-library/best-practice/commitment-to-compliance>

MFA - there is an article about MFA here: <https://dataprotection.education/infosec/329-a-guide-to-multi-factor-authentication>

But as mentioned, I will try to contact CPOMs for further ideas and we can discuss further in May.

I will shortly send through the meeting invite for the 25th May for the data walk, and look forward to meeting you then. In the meantime please feel free to contact me if you have any further queries, although please use the dpo@dataprotection.education or the Knowledge Bank for urgent questions, data breaches and SARs as they are always monitored.

Many thanks,

Tammy Buchanan
Data Protection Consultant
