Bcc: Tammy Buchanan <tammy.buchanan@dataprotection.education>

Hi Nigel,

Thank you for your time today. It was good to meet you. The school sounds like it has good systems and procedures in place for data protection. Please find below the information we discussed:

Knowledge Bank - a reminder that there is training on the Knowledge Bank for all staff.

Here is the information about how to add staff: <https://dataprotection.education/best-practice-library/documents/user-guides/149-how-to-add-users-to-the-knowledge-bank-user-guide> But if you decide to add them and want some help, please just let me know and I can help.

Here is the information about assigning courses to staff: <https://dataprotection.education/site-updates/291-assigning-users-to-courses>

It is good that you have some form of data protection training as part of your onboarding process. Please remember that training needs to be recorded (even if not provided by us), this can also be done in the Knowledge Bank: <https://dataprotection.education/best-practice-library/documents/user-guides/151-how-to-record-other-training-or-certificates>

The ICO advise this about training: <https://ico.org.uk/for-organisations/accountability-framework/training-and-awareness/>

Policies - just a reminder of when policies need reviewing to check against a latest template for any legislation/name changes that might be needed.

We would recommend you add a General privacy notice, a template example is here: <https://dataprotection.education/best-practice-library/documents/procedures/transparency/105-dpe-model-data-privacy-notice-general>

FOI's & News - just a reminder that the news section on the website is updated with any new FOI advice, which also pulls through to the FOI Best Practice Area: <https://dataprotection.education/best-practice-library/best-practice/freedom-of-information> The examples and advice section will show any news articles of the latest ones. The news section is also updated with any cyber news which could be used as awareness training for staff (they don't need a Knowledge Bank login for this) : <https://dataprotection.education/infosec>

Checklists: I would suggest you start with the following checklists:

- Password
- Photos and video
- Commitment to Compliance
- Clear desk
- CCTV
- Supplier Due Diligence
- Data Retention & Destruction
- Information/Cyber security

Posters - another way for awareness training. Posters can be found here: <https://dataprotection.education/best-practice-library/documents/drip-feeds>

Server password - I have emailed someone at Orbis about this, so will let you know when I hear from them.

I will shortly send through the meeting request for the Making the Rounds In June, so look forward to seeing you then. In the meantime, if you have any questions please feel free to contact me directly using the information below. If it's something urgent then please raise a ticket on the Knowlesge Bank or email dpo@dataprotection.education.

Many thanks,

Tammy Buchanan
