

Federation: Flourish

Date: 30/06/22

Report: Remote consultation

DPE: Stuart Lee **Staff member:** Victoria McConnell (HT) and Julie Brown

Agenda and discussion items:

1. Staff lists and news/KB updates
2. Compliance documents and support
3. Information security and staff training
4. Data retention
5. Supplier due diligence and record of processing
6. Other

1. Staff lists and updates

Staff lists and staff emails had been updated and JB was aware of keeping staff lists updated.

The proposed UK data protection and digital information bill was discussed with likely changes, including changes to the record of processing requirements. SL explained that the bill is currently on hold.

News and new features to the DPE website were also demonstrated/discussed; to do lists; assigning staff to courses and the redaction tool..

2. Compliance documents

The federation had recently updated compliance documents and these are displayed on the federation website:

- Privacy notices (including third party list)
- Data protection policy
- consent withdrawal
- FOI policy
- Data breach and SAR procedure

Checking the website post remote session the federation can also add the publication scheme to the GDPR section of the website. Further details can be found here: DPE best practice - [Freedom of Information](#)

3. Information security and staff training

Information security - VM confirmed that the federation have started to action the NCC themed cyber security audit, have an action plan and have already assigned a governor for information security. The school can also make use of the NCSC website for resources: <https://www.ncsc.gov.uk/section/education-skills/schools>

There is also an [information security best practice](#) area that VM/JB was signposted to with policy documentation, links to other related best practice areas (passwords) and lots of content regarding latest threats in the sector.

Other useful documents to review and check that you have linked to information security are:

- Work away from school policy
- Information Security/Passwords

Staff training - VM/JB will follow up with staff yet to complete DPEs e-learning training:

- Introduction to data protection
- Stay Safe Online NCSC training

This is not only beneficial for the organisation but also for staff when accessing personal information online i.e. personal banking:

<https://dataprotection.education/courses-heading/stay-safe-online-ncsc>

Note: this will be actioned in the **Spring term 2023**.

Reminder for assigning staff and sending an email for e-learning training:

A quick way to send a staff email to complete the training is: **DPE website>My Activities>My courses**

Once on the page where the courses are showing you can then select the **'Add To- do'** widget on the bottom right hand side of the screen:

This will open up a text box for you to enter, the title, description and completion date. Use the 'assigned to' to open up the email staff list. You can also add a reminder, a week before the completion deadline. The page link is automatically selected, so when staff receive the email it will direct them to the courses page.

4. Data retention

SL signposted VM/JB to the [records management best practice area](#) where the latest data retention guidance and information can be found.

5. Supplier due diligence

SL discussed the ongoing compliance project that the compliance team is undertaking to assess third party suppliers. This links with the record of processing and DPE supplier software on the DPE dashboard.

Other

VM had recently added a breach and made the suggestion that there was the option to be called by DPE for support. SL to raise this with JE to identify if this is possible within a future development. SL actioned 01/12/22.

Onsite walk arranged for 8/3/22. Arrive for midday. Lunch time walk at North Elmham. Complete audit of offices and then move to All Saints for an afterschool walk at 15.00.
