To: Mr N Huskinson <n-huskinson@garthhillcollege.com>, Mrs J Mousley <j-mousley@garthhillcollege.com>

Bcc: Tammy Buchanan <tammy.buchanan@dataprotection.education>

Hi both,

It was good to meet with you today and thanks for taking the time to show me around your school. The MTR details are uploaded here, the status is changed to Action Required and I have set up a To-do for Jane :

<https://dataprotection.education/courses-heading/making-the-rounds-log/add-log?id=93131>

I didn't get around many areas, but feedback information is below (positive observations are in the Knowledge Bank at the location section):

Visitor Entry - this article gives more info about what is required on the visitor entry system: <https://dataprotection.education/best-practice-update/343-visitor-books-and-visitor-electronic-systems>

Reception Area - ensure class/pupil lists are kept in locked drawers overnight.

Confidential Waste Procedures - discussed a review of confidential waste procedures.

Consider also how confidential waste is stored/disposed of. If it is stored prior to external destruction make sure it is securely stored in secure bins or in a confidential waste bag in a locked cupboard. Avoid the temptation to leave recycling paper in boxes even if not confidential - often this is a data breach risk when confidential data gets mixed with class resources. Confidential waste bags and boxes must be kept as securely as befits the documents they hold.

Post Trays - contains very private and confidential information. Consider ways to make this information more secure or an alternative location. Consider the risk of who can view this information.

Photos - are considered personal data. A reminder about retention and lawfulness is here:

<https://dataprotection.education/best-practice-library/documents/procedures/33-photo-and-video-guidelines>

Further information about lists and displays is also in this infographic and can be distributed to staff, there is also general guidance about what should/shouldn't be displayed in classrooms:

<https://dataprotection.education/best-practice-library/documents/drip-feeds/57-dpe-quick-reference-guide>

The photo and video policy has recently been updated: <https://dataprotection.education/best-practice-update/345-new-photo-and-video-policy-and-waivers>

Regarding the large canvases, I will try and speak with Arrienne or James next week for their advice.

Computers Unlocked – Ensure an auto logout is set for all computers appropriate to the role. Advise that staff are reminded not to rely on the auto lock out feature which may have been set. When there is not a teacher or member of staff in the room, the computer should be locked. A quick way to do this is by pressing the Windows and L key (+ L). Further advice: <https://dataprotection.education/best-practice-library/documents/drip-feeds/19-leave-it-lock-it-computer>

Desks – Advise reminding staff about a clear desk policy. There is a learning nugget in the Knowledgebank that can be assigned to staff for this:

<https://dataprotection.education/courses-heading/clear-desk>

Check whether staff have enough lockable space in class for private and confidential information. Further advice:

<https://dataprotection.education/index.php/best-practice-library/best-practice/clear-desk>

Physical Security: Advise checking physical security policy: <https://dataprotection.education/best-practice-library/documents/procedures/146-dpe-model-physical-security-policy>

The ICO advises the following: <https://ico.org.uk/for-organisations/guide-to-data-protection/guide-to-the-general-data-protection-regulation-gdpr/security/>

Advise locking ICT suites, SLT offices and admin offices when not in use. Reminder to lock desks and drawers.
Consider the use of keypads or key fobs for access as this ensures the door is automatically locked behind the person when leaving.

I spoke to Victoria about the pupil SAR and she says she will touch base with you again. She said the clock doesn't start ticking until the pupil clarifies what is being requested.

For our next meeting, please use the link below to check my availability which will allow you to book a date and time that is suitable for you:

<https://go.oncehub.com/DPETammyBuchanan>

I look forward to seeing you then.

Have a lovely weekend.

Many thanks,

Tammy Buchanan
