To: Maurice Williams <mwilliams@thevalefederation.com>, Steve Parkinson <sparkinson@thevalefederation.com>

Bcc: Tammy Buchanan <tammy.buchanan@dataprotection.education>

Hi both,

Thank you for your time today. It was good to see you again.

I have resent all of the due diligence and have updated the Booker Park Third Party Status in the Knowledge Bank accordingly. I have mentioned we are working on your behalf so hopefully we will receive some responses.

Just a reminder that we are frequently updating the News section of the website, so there may be information there that you can use in your bulletin. If you go to the page from an incognito window you can see which articles can be sent that don't require a KB login so you will still be able to send them to your staff: <https://dataprotection.education/news> There has been another cyber attack on another school this week, so it is always worth mentioning this to staff: <https://dataprotection.education/news/166-information-cyber-security/351-cyber-attack-wiltshire-school>

We looked at some of the checklists you have completed - I spoke to James about the idea of a comments tab and he agreed that could be useful so I will add this to my things to do. It is quite time consuming though, so may end up being a project when the schools have broken up and I have more time available to me.

We discussed ongoing training, clear desk etc, and agreed an onsite visit would help with this in the Autumn term - I have already sent a meeting request for this.

In the meantime, if you could continue to update the checklists and any part of the ICO Accountability Tracker that you have moved forward with - we can review these at our next online meeting which will be in the Autumn term after the Making the Rounds visit.

As mentioned, if you do require a meeting before the onsite visit in October, please use this link to check my availability:

Have a lovely weekend,

Many thanks,

Tammy Buchanan
