Hi both,

Thank you for your time yesterday and for showing me around your school. All positive observations are in the Locations & Observations section, any advisories or recommendations are in the report/feedback section. I have updated the DPO Feedback section with the advisories and changed the status to Action Required. You can then update the Actions Taken section with any changes you are able to make, and we can discuss at our next meeting.

Please find attached a Word version of the report so that the links are more accessible for you to send to staff.

There is additional information on the Knowledge Bank here under the Making the Rounds section: <https://dataprotection.education/courses-heading/making-the-rounds-log/item?id=93325>

We talked about photo consent while I was there - James and Arrienne have recently made some amendments in this area regarding use of photos in schools : <https://dataprotection.education/best-practice-update/345-new-photo-and-video-policy-and-waivers>

If you have any questions, please do not hesitate to contact me.

Many thanks,

Tammy Buchanan
