Hi Julie,

Thank you for your time today. It was really good to meet you. Please find some details below as discussed:

The Knowledge Bank can be logged into from our website: <https://dataprotection.education> you should have already received a username and password.

**Knowledge Bank Demo** - email sent to Kalina to arrange and have copied you in.

**Adding users** - Kalina will show you how to add staff onto the Knowledge Bank, but if you wish to get started yourself, the instructions are here: <https://dataprotection.education/best-practice-library/documents/user-guides/149-how-to-add-users-to-the-knowledge-bank-user-guide>

Details on how to assign courses to those staff once you have added them are here: <https://dataprotection.education/site-updates/291-assigning-users-to-courses>

I recommend keeping an eye on the News area for hints and tips which can also be sent to staff: <https://dataprotection.education/news-top/news>

You have already registered DPE with the ICO as the DPO for St Joseph's.  
On initial check your data protection policies on your website look up to date.

I also mentioned this Network Manager forum which is specifically for schools which you might find useful: <https://anme.co.uk/>

We agreed that a good way forward would be to do a Making the rounds visit (data walk), and I will shortly send an invite through for that in June.

I look forward to seeing you then. Please find my contact details below. You can also email [dpo@dataprotection.education](mailto:dpo@dataprotection.education) which will automatically raise a ticket for you and all members of the team will have a view of it.

Many thanks,

**Tammy Buchanan**
