19 May 2023 at 12:59

To: Audrey Watson <audreywatson@homewood.org.uk>, PamRidgwell@homewood.org.uk

Bcc: Tammy Buchanan <tammy.buchanan@dataprotection.education>

Hi Audrey,

Thank you for your time today. It was good to see you again. I have copied Pam into this email as discussed.

Pam - I will add you onto the Data Protection Education website so that you are able to access the resources and add any data breaches or subject access requests. Given that Audrey works 15 hours, it is important that there is someone at the school that is able to do this in her absence. I will also include you in an email to Kalina, who works in our customer support, for an online demo.

Policies list- in a previous meeting and email we discussed you sending through the policy list and uploading it. Please find those instructions here:

Can you please upload the following documents to our Vault (our secure file-sharing platform) so we can review them?

You may not have all of these; please just supply what you have.

You can upload them here:

<https://vault.dataprotection.education/s/5adLYGLzYyoeMej>

- Data protection policy
- Subject access request procedure
- Data breach procedure
- Information security policy
- Data retention policy
- IT acceptable use policies
- Bring your own device policy
- Consent form/procedure / policy
- Safeguarding
- Fair usage policy
- CCTV policy and procedures
- Staff handbook
- Any data risk management documents or data privacy impact assessments
- Data collection forms
- Any data inventory/mapping/information asset register work (the spreadsheet you mentioned!)
- List of IT systems
- List of suppliers/contracts (not the actual contracts)
- Staff training statistics and information on training content

ICO Registration - please find the information below as per the previous email:

Can you please upload the following documents to our Vault (our secure file-sharing platform) so we can review them?

You may not have all of these; please just supply what you have.

You can upload them here:

<https://vault.dataprotection.education/s/5adLYGLzYyoeMej>

- Data protection policy
- Subject access request procedure
- Data breach procedure
- Information security policy
- Data retention policy
- IT acceptable use policies
- Bring your own device policy
- Consent form/procedure / policy
- Safeguarding

- Fair usage policy
- CCTV policy and procedures
- Staff handbook
- Any data risk management documents or data privacy impact assessments
- Data collection forms
- Any data inventory/mapping/information asset register work (the spreadsheet you mentioned!)
- List of IT systems
- List of suppliers/contracts (not the actual contracts)
- Staff training statistics and information on training content

Staff Training - staff should be trained at least every two years, but preferably annually if they have access to more or special category data. We provide training on our Knowledge Bank platform which you can assign to staff. In order to do that, we do need to add all staff onto it. I have attached a csv for you to complete and send back to me so that I can do this for you.

I also mentioned putting up some posters for staff which is considered awareness training, here is the link for that: <https://dataprotection.education/best-practice-library/documents/drip-feeds>

Privacy Notices - the privacy notices have out of date information on them, so please consider updating, including a staff member who no longer works at the school. Here is the link to our templates: <https://dataprotection.education/index.php/best-practice-library/best-practice/transparency>

Data Protection Policy - I tried to view your policies page but it is blank? The DfE does require you to have a data protection policy. Ofsted requires you to have a number of policies as mandatory which are also not viewable.

I will shortly resend the email organising the demo. I will also send you a meeting invite for an onsite data walk as discussed for November. In the meantime if you have any questions, please do not hesitate to contact me. If it is urgent, I would recommend emailing dpo@dataprotection.education as there is always a member of the team on that email address and can help when I am out visiting other schools.

Have a lovely weekend.

Many thanks,

Tammy Buchanan
