To: Natalie Burley <Natalieburley@saltdean.brighton-hove.sch.uk>, Mark Woodley <markwoodley@saltdean.brighton-hove.sch.uk>

Bcc: Tammy Buchanan <tammy.buchanan@dataprotection.education>

Hi both,

Thank you for your time today. It was good to see you both.

Please find below the items we discussed:

Making the rounds - I have set this as completed now. I mentioned a school that has recently been reprimanded for sharing safeguarding data by accident in a classroom, here is the link for your information: <https://ico.org.uk/action-weve-taken/enforcement/parkside-community-primary-school/>

Training/Knowledge Bank - you confirmed that all staff are now going through the data protection training on the Knowledge Bank. Just a quick reminder to ensure that Subject Access Requests are logged not just as a ticket but in the data rights log. Here is the article I mentioned about SARs: <https://dataprotection.education/best-practice-update/363-subject-access-requests-sars>

Supplier due diligence - you are working on the supplier due diligence list. I will look through the list you sent me and come back to you. I talked you through how to copy across a generic third party supplier, but here are the instructions should you need them: <https://dataprotection.education/best-practice-update/296-due-diligence-step-by-step>

Here is the supplier due diligence form should you wish to send this to any suppliers: <https://dataprotection.education/best-practice-library/documents/procedures/135-supplier-due-diligence-form>
There is also a lot of information in the Supplier Due Diligence Best Practice Area: <https://dataprotection.education/best-practice-library/best-practice/due-diligence-best-practice-area>

Consider copying the current generic ones across - I will go through the list you sent me and add any in that are not on the generic list into the Knowledge Bank so you can copy them.

New website - you talked about the new website, and we will review the third party lists and privacy notices again once this is completed. The DfE requires you to have a Data Protection policy on your website and you are required to list Data Protection Education as your DPO somewhere as this information should be available for all visitors and parents as well as staff. The information that you should list for us is here:

Data Protection Education Ltd

Registered office: 1 Saltmore Farm, New Inn Rd, Hinxworth, Baldock, SG7 5EZ

Telephone: 0800 0862018

Email: dpo@dataprotection.education

News/Newsletter - I mentioned that the news area is now frequently updated and would recommend sending any useful links to staff/governors as extra awareness. A lot of the links are public, so can be sent to anyone, they won't need a Knowledge Bank login. (The only way to check this is to open the article in a Chrome incognito window).

Everyone should be receiving the newsletter regularly from kb@dataprotection.education so I will check with James as to why you are not receiving it.

Cyber - I talked about increasing cyber awareness through the SLT and governors and linking it in with the school strategy and any business continuity. We are doing more work on this, but there is a checklist I would recommend going through: <https://dataprotection.education/component/tjucm/itemform/cyber-security?id=90881> and this will give you an overall picture of where you are.

We talked about working with your IT provider to determine who is holding the responsibility to ensure you are secure with your cyber strategy as often the role of the IT provider is a fire fighting one rather than strategic. Here is the latest cyber attack on a school in May: <https://dataprotection.education/infosec/362-cyber-attack-dorchester-school>

I will shortly send you through an invite for our next online meeting in September and look forward to seeing you then.

Have a lovely summer.

Many thanks,

Tammy Buchanan
Data Protection Consultant

BSc(Hons) Computer Science

ITIL 4 Service Management, NCFE Principles of Cyber Security
