To: Andrea Hammond <AndreaHammond@bevendean.brighton-hove.sch.uk>, Mark Dally <MarkATDally@bevendean.brighton-hove.sch.uk>

Bcc: Tammy Buchanan <tammy.buchanan@dataprotection.education>

Hi Both,

Thanks for your time today, it was good to meet you all. Please find below the details we discussed:

Knowledge Bank: we talked about ensuring the staff on the Knowledge Bank are up to date and that training is done regularly and is part of the onboarding process. Here is the link for how to assign courses to staff: <https://dataprotection.education/site-updates/291-assigning-users-to-courses>

Policies & Templates: your data protection policy and privacy notices are due for an update, so just putting the template links below for your convenience:

[Model Data Protection Policy](#)

[Model Data Privacy Notice Pupils](#)

[Model Data Privacy Notice Workforce](#)

[Model Data Privacy Notice General](#)

Other policies that you may wish to consider adding are:

- GDPR/data protection policy
- Privacy notice(s)
- SAR and data breach procedure
- FOI and publication scheme
- Supplier/third party list

We do recommend that you have all three of the privacy notices for full transparency. Further information about this can be found here: <https://dataprotection.education/best-practice-library/best-practice/transparency>

News: a reminder about the news area on our website being regularly updated and can be a source of awareness for staff: <https://dataprotection.education/news-top/news>

This article in particular may be good for awareness: <https://dataprotection.education/infosec/369-cyber-attack-manchester-university>

Supplier Due Diligence: I advised about the supplier due diligence we are undertaking at DPE. Further information about it can be found here: <https://dataprotection.education/best-practice-update/296-due-diligence-step-by-step> this article also explains how you can check if suppliers are in the generic list on the Knowledge Bank.

Governors: we recommend that both data protection and cyber security is on the governing board's agenda regularly. This article may be of use and includes the link to the list of questions that governor's should be asking: <https://dataprotection.education/infosec/312-cyber-responsibilities-for-governors-trustees-in-schools>. It is possible to add your governors on the Knowledge Bank as the trustee role and then they can be assigned training too. The NCSC free training is here: <https://dataprotection.education/courses-heading/ncsc-cyber-security-training-for-school-staff>.

Cyber: we talked a lot about cyber. The information security best practice area has been updated here: <https://dataprotection.education/index.php/best-practice-library/best-practice/information-security>. Going through the cyber checklist with Eugene might be helpful too: <https://dataprotection.education/component/tjucm/itemform/cyber-security>, as it will give you an indication of where you are.

Making the Rounds: to locate the questions for the MTR, please logon to the Knowledge Bank and go to the top menu My Activities -> Making the Rounds. In order to see the questions you will need to create a new one.

I will shortly send you an invite for our next meeting in October which is an in person Making the Rounds (data walk) visit to your school.

If you could please send me Eugene's email address so I can include him? I can add him directly onto the Knowledge Bank as well if that helps?

I will also arrange for a demo for Mark and copy him into the email to Kalina.

If you have any queries or if I have missed anything, then please come back to me.

Have a lovely Summer

Many thanks,

Tammy Buchanan
Data Protection Consultant

BSc(Hons) Computer Science
