Hi both,

Thank you for your time today, it was good to see you both. Please find below the details we discussed:

For raising a ticket and queries I would recommend emailing: dpo@dataprotection.education, although please feel free to contact me directly using the contact details in my signature below.

Knowledge Bank - as Louise is taking over the SBM role from September I have sent an email to Kalina to arrange an online demo of the Knowledge Bank. Once this has been done, then I would advise the following for the beginning of September:

- ensure the staff list in the Knowledge Bank is up to date, information about adding and removing users can be found here: <https://dataprotection.education/best-practice-library/documents/user-guides/149-how-to-add-users-to-the-knowledge-bank-user-guide>
- once the staff list is up to date, assign courses to staff: <https://dataprotection.education/site-updates/291-assigning-users-to-courses>

I would recommend that Louise complete the Introduction to Data Protection and How to Avoid a data breach training courses and any others that there is time for.

Making the Rounds Feedback - advise reviewing the Making the Rounds feedback to see if any advice can be implemented. I will also mention to Orbis about the server situation. I have updated the Making the Rounds actions to document the changes regarding the visitor book.

Training - I have put the link above regarding training courses, but I also talked about awareness for all staff which is also training. Awareness posters can be found here: <https://dataprotection.education/best-practice-library/documents/drip-feeds> I would also recommend looking regularly at the news section on the website: <https://dataprotection.education/news-top/news> for information to send to staff or to mention at staff meetings.

We discussed me coming for another visit, so I will send you the meeting invite through shortly and look forward to seeing you then. Have a lovely Summer.

Many thanks,

Tammy Buchanan
