Hi Maria,

Thank you for your time today and good to see you again. Please find below the information we discussed and any follow up info I said I would send:

Making the Rounds: I have updated the Knowledge Bank with the information you gave me and set it as completed:
<https://dataprotection.education/courses-heading/making-the-rounds-log/item?id=93394>

CCTV: Given you have a new CCTV system we talked about the following:

CCTV policy - done

CCTV signage - we agreed that further signage may be needed.

There is an established procedure for removal of footage and there is a retention schedule.

The ICO recommends that a DPIA should be completed when installing CCTV. Further details about signage etc from the ICO can be found here:

<https://ico.org.uk/for-organisations/sme-web-hub/whats-new/blogs/installing-cctv-things-you-need-to-do-first/>

I have attached a CCTV DPIA for you to complete.

Given that the data is stored in the cloud with the CCTV supplier, we should do some due diligence with them, so have also attached that form for you to complete with the supplier (or they may do it for you). Once that's completed send it through to me and I will ask our legal director to risk assess it for you.

Third Parties: you confirmed you are working through your third party list. Further help and advice can be found in our new Schools and Trusts Best Practice area: <https://dataprotection.education/index.php/best-practice-library/best-practice-library/schools>

Other links and training ideas (also more links in the Schools Best Practice area in the above link):

NCSC Training for School Staff (linked to RPA insurance): <https://dataprotection.education/courses-heading/ncsc-cyber-security-training-for-school-staff>

I will shortly send you an invite through for 31st October at 10am and look forward to seeing you then. If you have any queries please do not hesitate to contact me or email dpo@dataprotection.education.

Many thanks,
