DPE Online Meeting: The Spring Partnership Trust

1 message

Tammy Buchanan <tammy.buchanan@dataprotection.education>

25 September 2023 at 15:47

To: Verity Bolton <vbolton@springpartnership.co.uk>, Michelle Rogers <mrogers@springpartnership.co.uk>

Bcc: Tammy Buchanan <tammy.buchanan@dataprotection.education>

Hi both,

Thank you for your time today. It was really appreciated. Please find below the information discussed:

Email about the DPE badge - I have sent the information in a different email as the name you gave me is an administrator on the Knowledge Bank.

Making the Rounds - we went through the actions and I have updated each school with the information we discussed and marked as complete.

I forgot to mention the site manager's room at Leeson's which can't be locked because it is a fire exit, but has every key hung on the wall open and accessible. Perhaps consider a more secure method for storing the keys?

The pigeon holes were at several schools but the one I was thinking of was at Elmstead Wood which had a pigeon hole full of old data and information including photographs from 2015 (of pupils).

The usernames and passwords were in a classroom at Hayes and were for TT Rockstars. There was also a username and password left out at the Treehouse office at Midfield.

The trust will review, clear desk policy, the server location at Midfield, lockable storage, locking of computers.

Training - I have attached the student course report for the Spring Partnership Trust which shows that not many people have completed our courses recently, so will leave for you to investigate. The ICO recommends regular training - annually where possible, especially those members of staff that access special categories or large volumes of data.

Awareness: the news area is good awareness training information for staff: <https://dataprotection.education/news-top/news> along with drip feed posters: <https://dataprotection.education/best-practice-library/documents/drip-feeds>

Schools & Trusts Best Practice Area: <https://dataprotection.education/index.php/best-practice-library/best-practice/schools>

Trust Initial Plan: For you both to complete before our next meeting: <https://dataprotection.education/best-practice-library/best-practice/trust-initial-plan-new-checklist>

GDPR Champions - you will work on this list and the trust procedures for the champions and Natalie and Kirsty in terms of data protection responsibilities before I meet with them. If you send me their email addresses I can arrange an online demo for them all. The trust will document the data breach and SAR procedure reporting responsibilities before the meeting.

I have a preliminary booking for Tuesday 21st November for the GDPR Champions meeting which you will confirm (including a preferred time).

Supplier due diligence: we discussed updating the supplier due diligence list for the trust. We are working on general due diligence of generic suppliers, so once you have your list, I will compare for you if you send it through. This article covers Supplier Due Diligence step by step: <https://dataprotection.education/best-practice-update/296-due-diligence-step-by-step>

I will shortly send you an invite for our next meeting on March 11th at 2pm, and look forward to seeing you then. If you have any queries, please do not hesitate to contact me or raise a ticket.

Many thanks,

Tammy Buchanan
