IT Meeting - I will follow up with Clark

GDPR Champions - you will send me a list of staff that I will then contact and arrange a meeting and a demo with. Here is a description of the role:

Data Protection Champion Role Description

A data protection champion (DPC) will operate at service level within the Trust and will act as the data protection champion for the Trust. The role offers an opportunity for staff who have an interest in data protection to not only support the organisation and culture towards data protection, but to also develop their skills through continuous CPD. This role will also liaise directly with Data Protection Education (DPE), the Trusts outsourced DPO. Typically the role will include:

- Knowledge and/or interest in data protection regulation and processes;
- Champion good data protection practice for the Trust;
- Be the main point of contact for data protection enquiries and understanding of when to contact the DPO;
- Support the logging of support tickets, subject access requests and data breaches on the DPE website (including supporting key staff to complete this);
- Updating the school as to known issues and concerns (things to be aware of);
- Completing data protection audit walks (initially with support from the DPE consultant) and feeding back results to the school (to improve practice).

The role will have:

- Enhanced and continuous CPD; training with the DPE consultant and full access to DPEs online training modules (you will be expected to complete these);
- Support from the Trust in carrying out the champion role.

This information can also be found in the Schools and Trusts Best Practice Area that I showed you: <https://dataprotection.education/best-practice-library/best-practice/schools>

Supplier list - you will send this through to me via a folder sharing link and I will upload to the Knowledge Bank and cross check any due diligence at trust level.

Initial Trust Plan - we completed the initial trust plan, which is recorded here for your reference

I will shortly send you an invite for our next meeting in January and look forward to seeing you then. If you have any questions in the meantime, please do not hesitate to contact me.

Many thanks,
