Hi Michelle,

As a controller of personal data you are required to do any due diligence on any third party suppliers that you share data with for every contract that you have. You should do this for pupil data, parent data, staff data, visitor data, governor/trustee data - think of it in terms of the privacy notices. This would normally also then lead to a record of processing. In the first instance, I would advise creating this list, here is an example list of categories, remember it only needs to be the ones that you share actual personal data with:

- Assessment Apps
- Auditors
- Catering, including Cool Milk
- Children's Services
- [Cloud](#) solutions such as Microsoft/Google
- Curriculum Applications including Phonics Apps
- Data Integrators such as Wonde which attach to the MIS and share data with other apps
- Data Protection Education
- DfE
- Employee Health/Welfare
- Employee payroll
- External breakfast/after school club
- Extra curricular
- Governor tools/apps
- Independent advisors
- Independent therapists
- Local Authority
- National Pupil Database
- NHS/School Nurse Team
- Ofsted
- Parent Communications Systems
- Parent Payment Systems
- Photographer
- Police forces, courts, tribunals
- Professional bodies
- PTA
- Pupil's next school
- Residentials
- Safeguarding Apps
- Security organisations (key holder info)
- Visitor Entry System

Depending on how the trust works, these may be central or local to schools. Here is a step by step article: <https://dataprotection.education/best-practice-update/296-due-diligence-step-by-step>

I hope that helps,

Many thanks,
Tammy

Sorry – me again.

Can either of you confirm what this is please as I'm unsure and Kirsty/Natalie are unsure so just want to double check what it actually is to make sure I can find out who deals with this area.

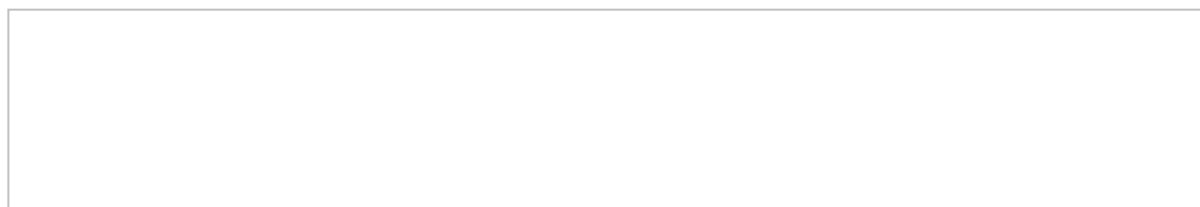

Many thanks

Michelle Rogers
