Hi Georgie,

I just wanted to follow up from our meeting yesterday as I have now spoken to Paul Platts. He advised me that he hasn't done training with the school for a very long time and suggested that you pick up any training with us through the online platform. As mentioned in our meeting, there is a lawful requirement for all staff to regularly attend data protection training and all new staff within four weeks of starting. If you need any help with this, please do not hesitate to contact me.

I also mentioned to him about the KCSIE document and he said that Brighton and Hove invited all schools to attend briefings about this which have just finished. As he ran the sessions he recommends that your DSL contacts him directly and he can then advise if they need any further advice about how this will work.

I hope that helps,

Many thanks,

Tammy Buchanan
