Hi Christine,

Apologies as I have just picked up your voicemail but am about to go into a meeting so haven't had a chance to call you back. We would advise registering Data Protection Education as your DPO and the instructions for how to do that is here:

<https://dataprotection.education/best-practice-update/110-make-sure-dpe-is-your-registered-dpo-with-the-ico>

I hope that helps, but please let me know if you have any further questions.

Many thanks,
Tammy

Afternoon Tammy

We are trying to register on ICO as DPO for yourselves, however, can you confirm if Data Protection Employment Ltd is happy to be input in the public register?

Kind regards

Christine
