Hi Christine,

Thanks for sending this through. The issue was with the top line as it needs to be as per the template. Also job title refers to the job title in the school rather than their role on the Knowledge Bank (sorry I know it is confusing). However, it has now successfully imported 55 members of staff.

Please find below the instructions for assigning courses to staff:

<https://dataprotection.education/site-updates/291-assigning-users-to-courses>

Please let me know if you have any further questions.

Many thanks,
Tammy
