Hi Stuart,

Just to confirm that I have uploaded the spreadsheet sent through to me and it has added all of the staff from the sheet onto the Knowledge Bank. Where there were several job titles for one person I changed it to be the main one as the system currently only allows for one title. Three people, including yourself are already users so it will have only updated yours with the job title details.

All new users will have received an email from the system with login details, so please advise them to look out for it and check in junk/spam if they can't find it.

Here are the instructions on how to assign courses to them to get you started:

<https://dataprotection.education/site-updates/291-assigning-users-to-courses>

I hope that helps, please do not hesitate to ask if you have any questions.

Many thanks,

Tammy Buchanan
