Hi Caroline,

Apologies as I have only just had a chance to have a look at this. Consent for each of those items listed so should really be a separate consent and parents/students should be given the choice of what they wish to opt into - currently the form does not do that.

I would advise reviewing our photo consent template document which covers:

- For display in access-controlled areas of the school (such as corridors, classrooms)
- For display in public areas of the school (such as the reception area)
- For use in the school newsletter and other printed documents we produce for promotional purposes (such as the school prospectus)
- For use on the school website
- For use on social media (such as the school Twitter or Facebook page)
- School photographs can be provided to the media for publication or broadcast.
- For use in a school yearbook

Many thanks,

Tammy
