To: Julie Galvin <jgalvin@stjosephsguildford.com>

Bcc: Tammy Buchanan <tammy.buchanan@dataprotection.education>

Hi Julie,

Thanks for your time today, it was good to see you again. I have updated the making the rounds information with the actions we discussed and marked it as completed:

<https://dataprotection.education/courses-heading/making-the-rounds-log/item?id=94990>

In relation to the year 5 confidential information in the recycle bin, I would advise sending this article (or use it at a staff briefing) - as mentioned, although this information was displayed on the interactive whiteboard, this is, in effect, the same thing - confidential information being available to someone who should not have access:

<https://dataprotection.education/best-practice-update/365-the-ico-reprimands-a-school>

We discussed training and what works for the school and I would advise making sure a record is kept and that you regularly review our News area for relevant and up to date best practices, changes in legislation and data protection information relating to schools. As mentioned there are certain expectations and requirements from the ICO which are specified here:

<https://ico.org.uk/for-organisations/uk-gdpr-guidance-and-resources/accountability-and-governance/accountability-framework/training-and-awareness/>

Should you wish to add any staff onto the Knowledge Bank, please feel free to contact me for any further support.

I mentioned about the changes in the KCSIE document and further information about how that relates to data protection can be found here:

<https://dataprotection.education/best-practice-update/383-kcsie-s-cyber-link>

I will shortly send through the invite for our next meeting and look forward to seeing you then when we could review some supplier due diligence. If you have any further queries, then please do not hesitate to contact me. If you have an urgent issue then I would recommend either raising a ticket or emailing dpo@dataprotection.education.

Many thanks,

Tammy Buchanan
